Approved by the Government Decree
of the Kyrgyz Republic
of May 27, 2011 No. 256

REGULATIONS

on the selection and enrollment of applicants to Higher Educational Institutions of the Kyrgyz Republic based on the results of the General Republican Test (GRT)

(As amended by the resolutions of the Government of the Kyrgyz Republic of March 28, 2012 No. 215,
June 19, 2012 No. 429, September 13, 2013 No. 514, June 16, 2014 No. 328, December 7, 2015 No. 841, June 8, 2017 No. 355,
March 28, 2018 No. 157, June 11, 2018 No. 279)

1. General provisions

1.1. This Regulation defines the rules for the selection and enrollment in higher educational institutions of the Kyrgyz Republic of applicants applying for a state educational grant (hereinafter referred to as the grant), based on the results of the national testing (hereinafter referred to as the GRT).

II. Collecting exportation vouchers of certificates

2.1.The selection and enrollment of applicants based on the results of the GRT of the current year is carried out grant commissions of higher education institutions within the terms established annually by the Ministry of Education and Science of the Kyrgyz Republic (hereinafter - the Ministry of Education and Science of the Kyrgyz Republic). To participate in the competition for a grant, is allowed to applicants who received points equal to or higher than the threshold score determined by the Ministry of Education and Science of the Kyrgyz Republic. The results of the GRT passed by the applicant before the completion of their military service are valid for 3 years.

(As amended by Resolutions of the Government of the Kyrgyz Republic No. 328 of June 16, 2014, June 11, 2018 No. 279)

2.2.To collect exportation vouchers of certificates of applicants for each faculty to which grants are allocated, a separate sealed box (urn) is issued with the indication of the faculty

2.3. The administration of the university announces the time during which the registration of applicants for participation in the competition will take place and the collection of exportation vouchers of certificates in boxes (urns), the compilation of lists of applicants.

2.4. In each round, the applicant applying for the grant has the right to choose one university by dropping the exportation certificate card in the sealed box of the desired faculty. When submitting a tear-off ticket, the original certificate must be presented.

(As amended by the Resolution of the Government of the Kyrgyz Republic of March 28, 2018 No. 157)

2.5. The following information about applicants is recorded in the registration log:

- applicant's identification number;
- the number of points scored on the main test, and, if necessary, on the subject test;
- the specialty and faculty where the applicant wishes to study;
- date of registration;
- applicant’s signature;

2.6. The registration log is kept separately by faculty or specialty.

If the grant commission uses electronic means of registering applicants by reading the barcode of the certificate, it is not necessary to fill in the registration logs. The applicant is issued a receipt for the receipt of the tear-off ticket. The computer database of applicants participating in the competition must have security features.

(As amended by the Resolution of the Government of the Kyrgyz Republic of September 13, 2013 No. 514)

2.7. Applicants applying for benefits for admission to the University must submit in the time of registration documents (certificate of death of parents, conclusion medical-social examination, military ID with a note on the passage of the military service, etc.).

(In edition of the resolution of the Government of the Kyrgyz Republic of June 11, 2018 No. 279)

2.8. After registration, the applicant must throw the tear-off certificate card in a sealed box of the faculty where he wants to study. The tear-off ticket indicates specialization. Applicants who have completed compulsory military service, when using a certificate issued before serving, regardless of the round of enrollment, drop the certificate in a sealed box of the faculty.

(As amended by the Resolution of the Government of the Kyrgyz Republic No. 279 of June 11, 2018)

2.9. According to the registration logs or the computer database of applicants, the grant commission at the end of each day displays the following information on the stands:

- a ranked list of applicants with an identification number the applicant and the number of points scored by them in each category separately;
- the percentage ratio between the categories specified in the annex to this agreement.

The Regulations of the Instruction on the categories of applicants and the percentage distribution of state educational grants for them, for this day.

(As amended by the resolution of the Government of the Kyrgyz Republic of September 13, 2013 No. 514)

2.10. The collection of tear-off coupons of certificates lasts 2.5 days.

III. The mechanism of selection and enrollment in Universities

3.1. The categories of applicants eligible for non-competitive admission to grant places are determined by the Regulations on State Educational Grants for Students' Education in Higher Educational Institutions of the Kyrgyz Republic, approved by the resolution

Government of the Kyrgyz Republic "On approval of the regulations governing the conduct of national testing of applicants and competitive distribution of state educational grants" dated June 2, 2006 No. 404.

3.2. The selection and enrollment of applicants to universities takes place in two rounds. Each subsequent tour conducted in the presence of unclaimed grants, the third round of selection and enrollment is carried out with the permission of the Ministry of Education and Science of the Kyrgyz Republic. Prior to the start of the second and third rounds, information about vacancies is posted

on stands, published in the press, or otherwise distributed to applicants. The rules for selection and enrollment are identical in all rounds.

3.3. The collection of tear-off coupons of applicants' certificates ends at 14 o'clock on the third day of registration of applicants.
3.4. Sealed boxes are opened in the presence of all members of the grant commission of the university and observers. The members of the grant commission of the university draw up a protocol on the number of withdrawn tear-off coupons of certificates, which is signed by all members of the commission.
3.5. The Grant Commission of the university calculates the percentage of the social categories of applicants participating in the competition for the university's specialties specified in the Instructions attached to this Regulation on the categories of applicants and the percentage distribution of state grants for them.
Disabled persons of groups I and II, persons equated with war participants and war invalids on benefits and guarantees, disabled children of childhood, disabled children, orphans and children left without children persons of Kyrgyz nationality who are not citizens of the Kyrgyz Republic, children of persons who died in the events of March 17-18, 2002 in the Aksy district of the Jalal-Abad region, in the April, May and June events of 2010, persons with the status of kairylmans, are enrolled in universities on the basis of a competition, within the quota of grant places for this program.
Categories of persons approved annually by the Government of the Kyrgyz Republic. Grant program the commission of the university on a competitive basis distributes the quota in the areas of training and specialties on the basis of personal applications of applicants. In the case of incomplete demand for quotas intended for the above categories, they can be distributed on general terms among other applicants in the third round of selection and enrollment.
Persons from among the rural youth (graduates of rural schools) are enrolled in grant training within the quota of grant places determined in accordance with the attached Instructions.
(As amended by the Resolutions of the Government of the Kyrgyz Republic of June 19, 2012 No. 429, June 16, 2014 No. 328, December 7, 2015 No. 841)
3.6. Applicants with the highest scores are eligible for admission. With the same points, the advantage is given to the applicant who has the sports title "Master of Sports of the Kyrgyz Republic", "Master of Sports of the Kyrgyz Republic of international class", an applicant who has completed military service, an applicant who has a state certificate of the authorized state body for the state language, taking into account the "Kyrgyztest" system on the level of proficiency in the state language.
(As amended by the Resolution of the Government of the Kyrgyz Republic No. 279 of June 11, 2018)
3.7. When enrolling in the specialties of the Academy of the Ministry of Internal Affairs of the Kyrgyz Republic named after Major General of the Militia Aliev Ergesh Alievich and the Military Institute Armed Forces of the Kyrgyz Republic named after the Hero of the Soviet Union Lieutenant General K. Usenbekov, requiring the passage of additional tests, the priority is the result obtained in the NT.
3.8. In the competition for admission to the university and receiving a grant, the priority right to enroll is given to applicants who have received points equal to or higher than the threshold points on the main and corresponding subject test, and who participate in the competition on the sum of the points of the main and subject tests. If the competition is attended by an insufficient number of applicants who have the results of the subject test, the grant

commission recommends that applicants be enrolled based on the results of the main test (except for medical and pharmaceutical specialties).

Only applicants who have received scores equal to or higher than the threshold score determined by the Ministry of Education and Science of the Kyrgyz Republic on the main and subject tests are allowed to participate in the competition for admission to the university and receiving a grant in medical and pharmaceutical specialties.
(As amended by the Resolution of the Government of the Kyrgyz Republic No. 157 of March 28, 2018)
3.9. With the same amount of primary and secondary subject test for admission the universities grants, priority is given to applicants having a sports title “Master of sports of the Kyrgyz Republic”, “Master of sports of the Kyrgyz Republic international class”, entrant, passed the military service, the applicant having the state certificate of the authorized state body in public the state language, taking into account the system "Kyrgyztest" on the level of proficiency in the state language, and in the case of the absence of such-the applicant who has higher scores on the subject test.
(As amended by the resolutions of the Government of the Kyrgyz Republic of March 28, 2012 N 215, June 11 2018 No. 279)
3.10. The lists of applicants recommended for admission must be posted on the stand no later than 10 am the next day.
3.11. An applicant recommended for admission to a university must confirm their desire to study at this university within 3 days by submitting the following documents to the admission committee:
- passport or birth certificate;
- original GRT certificate;
- the original certificate of secondary general education, diploma of secondary vocational education or its duplicate;
- (expired in accordance with the decree of the Government of the Kyrgyz Republic dated September 13 2013 No. 514)
- military ID card or registration certificate;
- the corresponding number of photos.
(As amended by the Resolution of the Government of the Kyrgyz Republic of September 13, 2013 No. 514)
3.12. The list of applicants who have confirmed their desire to study at the university, signed by the chairman of the grant commission of the university, is sent to the Independent Test Service (hereinafter -ITS) to confirm the correctness of the points scored by applicants after the end of all enrollment rounds. The ITS confirmation is given within 2 days.
3.13. The list of applicants confirmed by the ITS is transmitted to the administration of the university for the preparation of orders for the enrollment of applicants, and is also posted on the stand for general registration information.
3.14. The Grant Commission of the university submits a report on the results of enrollment to the Ministry of Education and Science of the Kyrgyz Republic training on grants until September 15.

IV. Organization of targeted admission of applicants

4.1. The higher educational institution collects applications of local self-government bodies for
targeted training of personnel and, in agreement with the Ministry of Education and Science of the Kyrgyz Republic, decides on the number of target places for specialties within the approved admission plan on the basis of state educational grants.
4.2. The university informs the local self-government bodies about the decision and enters into contracts with them for targeted admission, taking into account the competitive basis for admission to higher educational institutions (at least 1.2 people per budget place).
4.3. The number of places for targeted admission for each direction of training (specialty) is determined no later than one month before the start of the acceptance of documents with mandatory informing of applicants and the public.
4.4. The number of target places cannot be increased during the acceptance of documents and selection and enrollment rounds.
4.5.Applicants who participated in the national testing of the current year and received points above the established threshold score, as well as those who have a referral from local authorities, are allowed to participate in the competition for target places. Ministry of Education and Science of the Kyrgyz Republic can set a separate threshold score for this category of applicants. Applicants with the highest number of points are recommended for admission.
4.6. A tripartite agreement is concluded with applicants who have entered the target places on the mandatory distribution of work in the relevant territories of local self-government bodies, between the student, the university and the local self-government body.
4.7. If the parties that agree with the university do not provide a competition for targeted places, the grant commission is obliged to reduce the number of allocated places, target places, inform the ministry about this and those entering the target places.
All procedures for targeted admission are drawn up in the minutes of the grant commission.
4.8. Persons who have not passed the competition for the target places may participate in the general competition for any form of education.
4.9. The target places remaining vacant after the third round of selection and enrollment are provided to the persons participating in the general competition.

IV. Final provisions

5.1. If the grant commission of the university violates the procedure for selecting and enrolling
applicants in universities, the applicant or observers have the right to file a complaint with the Ministry of Education and Science of the Kyrgyz Republic. In the regions of the republic, complaints are submitted to the regional structures of the Ministry of Education and Science of the Kyrgyz Republic. Representatives of the Ministry of Education and Science of the Kyrgyz Republic conduct a prompt and independent review of the received complaint. The results of the consideration of the complaint in writing are brought to the attention of the applicant within 3 days.
Application

MANUAL about the categories of applicants and the percentage distribution of state educational grants

(As amended by the Resolutions of the Government of the Kyrgyz Republic of March 28, 2012 No. 215, June 19, 2012 No. 429, June 16, 2014 No. 328, December 7, 2015 No. 841, June 11, 2018 No. 279)

1. Applicants (except for applicants who are eligible for non-competitive enrollment) who apply for grants are divided into the following categories:

- applicants-graduates of secondary and secondary vocational educational institutions of the city of Bishkek;
